Welcome: Mayor

| Matters Arising from the Minutes of Feb 1st 2017 | Cr L Jaques wished to respond to the minute from the Administrator regarding EU-Brexit in the minutes of Wednesday 1st Feb and asked that he include an update on recent Brexit developments at the same time. He stated he was worried and concerned at the Administrators statement that, “...it was important to note that Brexit has not yet started. Until negotiations are further progressed we do not know what HMG’s position will be with regard to HMG replacing funding currently received under EDF.”

Cr Jaques said he felt this statement goes against the spirit of what we are collectively trying to achieve. He briefed Council in general terms on the recent meeting in London on February 7th and reported on comments made by Ministers, who all spoke positively about the developing relationship with all of the overseas territories.

Lord Bates, the DFID Minister, stated during the meeting that the UK would have more flexibility over its aid allocation on leaving the EU and was optimistic that good arrangements could be reached. He went on to say that the UK remained committed to getting to a point where all the OT’s were sustainable and he was optimistic about the future and the flexibility which leaving the EU will bring.

Cr Jaques said he felt Council should not accept an implication that there is no obligation to fund Pitcairn and asked that Councillors trust the process, trust in HMG, trust in our Ministers, take a positive and optimistic view and word our minutes accordingly.

The Mayor stated though all the OTs are working together it is still not entirely clear how things will develop going forward. The Administrator agreed that it is a mutual process which will take time to clarify. |
**Cruise Ship Communications:**

Cr B Christian, as Police and Immigration Officer, provided feedback from the Cruise Director and Purser of the Artania, which stopped at Pitcairn on February 3rd. Cr B Christian reported that a misunderstanding about Pitcairn's landing fee requirements, had been clarified on the day. She added that she had been told that had sea conditions permitted, the ship intended to land its passengers, via its own tenders, throughout the day, regardless of the Tourism Department's request that it do so within a predetermined time-frame. Cr B Christian stated that we should be careful how what is communicated to visiting ships wishing to both land passengers and have locals go on-board and set up an on-board market as she had been told that the ship had considered not stopping at all.

Cr L Jaques, as DM Finance & Economics, clarified that the landing options communicated to the ship had been based on visitor health and safety requirements and the need to ensure that the population is actually on-island when large numbers of cruise passengers land.

It was agreed that Pitcairn’s ‘Guide for Visiting Vessels’ policy should be highlighted that the fact that Pitcairn landing fees are compulsory.

**ACTION:**

Cr M Christian will revise the Guide Visiting Vessels policy to emphasise that landing fees are compulsory.

**Record of Approval of Minutes of Feb 1st 2017**

**Motion:** Cr D Griffiths / Cr B Christian

"That the regular Council Meeting Minutes of Feb 1st, as circulated, be approved."

All in favour - Carried

**2013-2016 Council Achievement Paper (formal approval)**

Council acknowledged receipt of the revised paper and it was agreed that will also include an acknowledgement the contributions undertaken by previous Councils.

**Motion:** Cr L Jaques / Cr D Griffiths

"That Council approve the amended Council Achievement Paper."

All in Favour - Carried.

Cr L Jaques inquired as to whether the Council Achievement Paper and the Council Bulletin will be circulated beyond Pitcairn i.e. to DFID, PIO etc. There was general discussion about the purpose of the document and it was agreed that sharing Council’s achievements with DFID and other stakeholders was a positive step.

**ACTION:** Cr M Christian will circulate the wording for acknowledging contributions of past Councils and revise the document.

**New migrants being able to access Pit loan scheme.**

Cr L Jaques, as DM Finance and Economic, tabled the concept of new migrants, who have been formally approved for settlement, being able to access the Pitcairn home loan scheme. Currently, applicants must be permanent residents - i.e. they have been on-island for 2 years.
There ensued general discussion about new settlers now being able to access land prior to becoming permanent residents and it was agreed the concept was worth of further exploration.

**ACTION:**
Cr L Jaques will develop a paper for Council and further discussion with DFID and FC, Evan Dunn.
